EDUCATION

Vignan's Institute of Information Technology.   **2022 – Present**
Bachelor of Technology in Advanced Computer Science

CGPA: 9.43

EXPERIENCE

Cloudeye Technologies   **April 2024 – May 2024**
Backend Developer Intern   *Visakhapatnam*

- Developed Learning Academy in SkillJo Website.
- With the help of NextJs and MongoDB, learned to connect databases and store data efficiently.
- Also covered concepts like Tailwind CSS and Figma to maintain the flow and aesthetic nature of the website.

PROJECTS

PORTFOLIO / *HTML, CSS, Bootstrap, Javascript*   **Github**

- Created a portfolio website which showcases my academics, skills and also my projects.
- It's got a wide platform where one can get to know about me and contact me via the website.

MEMORY GAME / *Javascript, HTML, CSS*   **Github**

- A super cool memory game to advance your short-term memory skill.
- Attractive user-interface and smooth functioning of the site.

HOSTELXPERT / *NextJs, Tailwind CSS, MongoDB, NodeJS*   **Github - Live**

- A hostel website developed for users like students/UG's to get information about all the available hostels, dorms and their facilities.
- Enables a smooth interface between the students and hostel admins so they could easily communicate and book hostels accordingly.
- NextJs helped to hold the frontend and backend technologies together. It also helps in managing databases regarding user details.

CODING PROFILES

Leetcode (Rating: 1356)   **Codechef** (Rating: 1323)   **GFG**

TECHNICAL SKILLS

Programming Languages: C, C++, Javascript, Python, R

Frameworks: ReactJs, NextJs, NodeJs, MongoDB, SQL

Others: Git, Github

ACHIEVEMENTS

- Solved 200+ problems in Codechef.
- Top 12th team in Sushacks Hackathon.
